Formal psychological testing is not clinically indicated for routine screening or assessment of behavioral health disorders, or for the administration of brief behavior rating scales and inventories. **Such scales and inventories are an expected part of a routine and complete diagnostic process.** Other than in exceptional cases, a diagnostic interview and all relevant rating scales should be completed by the psychologist prior to submission of requests for psychological testing authorization. Requests for placement and forensic purposes are not covered benefits. Requests for educational testing and assessment of learning disabilities for educational purposes should be referred to the public school system.

Clinical assessment

Indicate which of the following assessments have been completed.

<input type="checkbox"/> Psychiatric and medical history	<input type="checkbox"/> Clinical interview with patient	<input type="checkbox"/> Structured developmental and social history	<input type="checkbox"/> Direct observation of parent-child interactions
